

## Clinical Education

At Hospice of the Red River Valley, we understand the importance of clinical education. We are committed to providing high-quality education opportunities to help prepare health care professionals with the necessary skills and practices to ensure each individual is treated with dignity and compassion. The following are offered as health care professional education:

- Being Mortal (condensed presentation)
- Being Mortal: The Whole Story
- Hospice: A Comforting Presence
- Managing the Final Chapter
- The Hospice-Appropriate Patient
- Palliative or Hospice Care: Navigating End of Life Choices
- Honoring Their Choices
- Hospice Care & Living Life to the End
- Compassionate Care for those with Dementia
- CNA's Role at End of Life
- CNA's Role in the Final Chapter
- CNA's Role for the Patient Who has Dementia
- Professional Caregiver Grief/Grief in the Workplace

To request a presentation, contact us at (800) 237-4629 or visit [hrrv.org/education-support](http://hrrv.org/education-support).
